# RESUME

AMUN MÜLLER-BIESER Graduate Engineer in Media Informatics (University of Applied Science)

## AT A GLANCE

I am a solutions-oriented leader who motivates teams through clear communication and inspiring leadership. With empathy and a cooperative mindset, I foster a culture of accountability and act as a mediator in conflicts. My leadership style is grounded in systemic methods and strong team spirit. I lead by example, embodying my values and prioritizing cultural sensitivity. Respect, authenticity, and continuous growth are core principles that drive me both professionally and personally.

## MY GOALS

I want to take on responsibility in an international environment, support and develop people, and guide change processes. I can do this in various roles, whether as a team leader, project manager, consultant, or coach. I am especially interested in areas such as corporate communications and innovation management.
